Thank you for your interest in the PALS Instructor Course. The original course date was set for September 10, 2010, but due to low attendance we will not be having the course on that date. If you are interested in taking the course later in the Fall/Winter of 2010/2011, please send in your registration and we will contact you with another date.

The course is six hours in duration. All participants must be certified as a PALS provider and have a minimum of two years experience in pre-hospital emergency care. Participants are required to purchase the American Heart Association PALS Instructor manual. The cost of the manual is \$50.00.

EMSC encourages your organization to have a PALS instructor in-house to meet the needs of your pediatric patients. Registration is open but the number of participants is limited.
