**NEUROSCIENCE**

## OCNS SEMINAR SERIES

The Oklahoma Center for Neuroscience will host a Seminar Series on the scheduled dates listed and will be held at the Biomedical Research Center, 975 NE 10th Street, Room 109 at 12:00 noon. Refreshments will be provided.

DATE	LECTURER	TITLE
08/04/06	<b>Jumping Chen</b> OCNS Student	<i>Light-Vision or Death</i>
09/01/06	<b>Randall Hewes, Ph.D.</b> Assistant Professor of Zoology University of Oklahoma	<i>Unexpanded Wings and Related Things: Defining Mechanisms of Neuroendocrine Cell Plasticity in Drosophila Melanogaster</i>
10/06/06	<b>Elie Al-Chaer, MS, Ph.D., JD *</b> Associate Professor of Pediatrics Neurobiology and Developmental Sciences Director, Center for Pain Research College of Med., Univ. of Arkansas for Medical Sciences	<i>Visceral Pain: Reflections on Phylogeny, Physiology and Pathways</i>
11/03/06	<b>Terez Shea-Donohue, Ph.D.</b> Professor of Medicine and Physiology Mucosal Biology Research Center University of Maryland School of Medicine	<i>Tales from the Crypts: Mechanisms of Immune Cell Regulation of Gut Function</i>
01/12/07	<b>Kaveh Ashrafi, Ph.D.</b> Assistant Professor of Physiology University of California, San Francisco	<i>C. Elegans Fat and Feeding Regulatory Networks</i>
02/02/07	<b>Larry Gonzalez, Ph.D.*</b> Professor of Psychiatry and Behavioral Sciences	<i>The Ups and Downs of Ethanol Withdrawal: Hippocampal Excitation and Inhibition</i>
03/02/07	<b>Hari Vittal Rao</b> OCNS Student	<i>Thrombin and Cyclins: How They Connect in Neuronal Death</i>
04/13/07	<b>Linda Rinaman, Ph.D.</b> Associate Professor of Neuroscience University of Pittsburgh	<i>Visceral Sensory: Motor Contributions to Stress and Anxiety</i>
05/04/07	<b>Doug Drevets, M.D.</b> Associate Professor of Infectious Diseases	<i>CNS Infection and Other Consequences of Systemic Inflammation</i>
06/01/07	<b>James McGinnis, Ph.D.</b> Professor of Ophthalmology and Cell Biology	<i>Neurodegeneration and the Therapeutic Use of Inorganic Nanoparticles</i>

\* CO-SPONSORED WITH THE DEPARTMENT OF PHYSIOLOGY
