**Ignite Your Passion**

**For Nursing Excellence**

**2012 AWHONN Oklahoma Section Conference**

**WITH NATIONALLY KNOWN SPEAKER:**

**FAITH ROBERTS**

*Currently the Parish Nurse Program Coordinator for Carle Foundation Hospital, Faith draws on her extensive experiences in Administration, Education, and Clinical Practice when giving presentations. Her unique ability to blend theory and reality make her presentations truly powerful and enjoyable. Her gift of story telling captivates her audience to both the drama and humor found in nursing practice.

Faith has given over 2,000 presentations on generational, nursing and rehabilitation topics on the state, national, and international levels. Faith will be presenting three of her most requested sessions.*

---

**From Wedding Rings to Nose Rings...**

**Generational Differences**

*Why can’t things stay the way they were? Why is it so difficult to attract and retain people who care? Where is the “work ethic” in today’s young healthcare providers? How will we orient and educate the very people who will be (gasp!) providing care to the rest of us as we age? What skills will assist the leaders and educators when working with this increasingly diverse workforce?*
