Emergency Communication System (ECS)

The University of Oklahoma’s Emergency Communication System (ECS) enables the University to send time-sensitive notifications about emergency situations including weather alerts to all students, faculty, staff, and identified campus affiliates.

- Urgent messages will be transmitted to all available phone, email and text messaging options listed for your account. The messages will provide information and instructions for action during a given situation.

- The effectiveness of the ECS is dependent on the accuracy of the contact information in the system. Enter a personal cell phone number as your primary cell phone and select the “Text Message” option for this number. Note that you may incur additional charges for text messaging depending on your service provider.

- How does an identified campus affiliate update their ECS information? Identified representatives of affiliated organizations should call HSC Campus Police at (405) 271-4300 to update contact information. The ECS uses contact information from several campus information applications. Information from these applications is transmitted nightly to update the ECS system. This information will not be shared with other entities and it will be kept private and confidential.

- OUHSC Campus Police will test the system three times a year. These messages will be clearly identified as test messages from the Emergency Communication System.

For further information and to enroll/view/update information:
https://www.ouhsc.edu/ecs/
Designated Evacuation Locations

Fire (CODE RED): Second Floor Lobby, Bird Library

Severe Weather (CODE BLACK): Tunnel between Basic Sciences Medical Building and the Bird Library*

*In case of severe weather after 6:00 pm, go to the 1st floor restrooms in the center hallway. After an all clear, contact non-emergency number if locked out upon return to 3rd floor.

Bomb Threat (CODE BROWN): College of Dentistry Building

Evacuation of Ambulatory Persons

Should evacuation be necessary, and it is safe to do so, the following are currently designated to notify providers and patients and shut doors as they evacuate the building.

Adult Hall: Deborah Sweeden and Rebecca Huycke

Neuropsych including Psych Café hall and testing rooms: Gary Geiger and Jill Riley

Child Hall and child waiting room: Paige Wilkins and Donna Rollins

Adult waiting room, center resident offices and Resident Lounge: Jamie Schrewsbury and Marva Stone

Chair’s Office: Angie Cooley

Education: Lori Nicholson

Billing Area: Michelle Remkus and Paquita Colbert

- Evacuate the building through the nearest available stairwell exit that is safe to use. Do not use elevators.
- Close your computer and take personal belongings.
- Take Emergency Disaster kits (located in each area).
- Close doors as you evacuate but do not lock them.
- Go to the designated area and sign in with designated person.
- Do not re-enter building until instructed to do so.

Evacuation routes are posted (take closest to you)

North East: Take stairwell to 1st floor out of building
North West: Take stairs to level B out of building
South East: Take stairs to lowest level out of building
South West: Take stairs to level B out of building

Evacuation Routes of Non-Ambulatory Persons

- Go into the northwest stairwell; if inaccessible, use the southwest stairwell.
- Clinic manager or designee will call OUHSC Police at 271-4911 and designated support or emergency personnel will provide assistance.
