**Grand Rounds: Morbidity and Mortality (M&M) Conferences and Residents’ Journal Club**

- **12:00-1:00 (WP 3460)** • *Moderator: Phebe Tucker, MD*
- Attendance at these conferences is restricted to full-time Psychiatry faculty, residents, and fellows.

**Thursday, May 7 (M&M Conference):** “Understanding Bipolar Disorder,” Qaiser Khan, MD, Resident Physician PGY1, Psychiatry and Behavioral Sciences.

**Thursday, May 21 (Journal Club):** “A Rest-Activity Biomarker to Predict Response to SSRIs in Major Depressive Disorder.” Kalyan Muppavarapu, MD, Resident Physician PGY-II, Psychiatry and Behavioral Sciences.
PRESENTATIONS

HIGHLIGHTED TEACHING ACTIVITIES

Michael Brand, PhD, Moderator, “Spirituality in Medicine Panel,” Patients, Physicians and Society I, May 4, 2015, College of Medicine, BSEB, Oklahoma City, OK.

Britta Ostermeyer, MD, MBA, Jim Scott, PhD, and Phebe Tucker, MD. Review of Psychiatry, OU Medical School Capstone Course (4 hours), April 20.

The University of Oklahoma’s Emergency Communication System (ECS) enables the University to send time-sensitive notifications about emergency situations to all students, faculty, staff, and identified campus affiliates. These urgent messages will be transmitted to all available voice service, e-mail and text messaging options listed for your account. The messages will provide information and instructions for action during a given situation. The effectiveness of the ECS is dependent on the accuracy of the contact information in the system. It is up to you to provide and confirm the contact information for the messages to reach you. It is suggested that you enter a personal cell phone number as your primary cell phone and that you select the “Text Message” option for this number. Contact information from the campus information systems is transmitted nightly to the ECS to update the system. This information will not be shared with other entities and it will be kept private and confidential.

To check or update your contact information, please go to HSC Employees and Students Self-Service

NON-ROUTINE CAMPUS CLOSURE

Coverage of Clinical Services. The Department’s policy regarding coverage of clinical services during non-routine campus closures requires faculty and trainees to cover, or arrange for coverage of, both outpatient and hospital-based clinical services. Each clinician must arrange coverage for any obligated services he/she is unable to provide. Clinical staff are expected to provide support as needed either onsite or from off campus. It is important to anticipate and prepare for the effects of bad weather on outpatient schedules. Clinicians and clinical support staff should plan to have sufficient information on patients to verify schedules and to prepare for the necessity of cancellations in the event the campus is closed.

Departmental Emergency Contact List. All areas should have current copies of the Departmental Emergency Contact list (“Telephone Tree”). Please print this document for your information to take with you in anticipation of non-routine campus closings. Do not post in public areas. Please note the person(s) you are responsible to contact. If you do not talk to or receive a response from the person(s) you are required to contact, you are then responsible for contacting the people the unreachable person(s) should have contacted.

EMERGENCY EVACUATION PROCEDURES

*In case of severe weather after 6:00 pm, go to the center hallway in the lowest level of the Williams Pavilion.

Designated Evacuation Locations (once on location, check in with designated person from your area)*

- **Fire:** Second Floor, Bird Library **(do not use elevators to exit Williams Pavilion)**
- **Severe Weather:** Tunnel between Basic Sciences Medical Building and the Bird Library
- **Bomb Threat:** College of Dentistry Building

Evacuation of Ambulatory Persons:

- Evacuate the building through the nearest available exit that is safe to use
- Shut doors but do not lock them
- Walk to designated location (see above)
- Sign in when you arrive

Evacuation of Non-Ambulatory Persons:

Go to the northwest stairwell in the Williams Pavilion where firefighters and other support personnel will assist going down the stairs OR by elevator if it can be done safely. Do not use elevators if fire is suspected. Use the southwest stairwell if the northwest stairwell is inaccessible.

Emergency Telephone: 271-4911
Non-Emergency Police/Fire: 271-4300

SUBMISSIONS OR QUESTIONS: Maggie-Montgomery@ouhsc.edu • (405) 271-4219 • www.oumedicine.com/psychiatry

Grand Rounds Presents:

May 14, 2015
12:00 – 1:00 PM
Samis Education Center
Level B Room B3

Standing on the Shoulders of Kraepelin, Pinel and Freud: A Historiometric Inquiry into the Histories of Psychiatry

Speaker: Erick Messias, MD
Medical Director
Walker Family Clinic
University of Arkansas for Medical Sciences, Little Rock, AR

Learning Objectives: Upon completion of this activity, participants will be able to:
1. Identify 18 significant figures in the history of psychiatry.
2. Recognize five major contributions to the development of psychiatry.
3. Place these figures and contributions within their historical background.

The University Of Oklahoma College Of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The University Of Oklahoma College Of Medicine has reviewed this activity's speaker and planner disclosures and resolved all identified conflicts of interest, if applicable.

Course Director: Phebe Tucker, MD - has no financial relationships or affiliations to disclose.
Course Co-Director: Swapna Deshpande, MD - has no financial relationships or affiliations to disclose.
Planning Committee Members: Drs. R. Adams, Aggarwal, Brand, Dukes, A. Foote, E. Foote, Ostermeyer, Scott, R. Adams, Chapel, Czapla, Dadwal, Dhillon, Doyle, Grewal, Hashmi, Jain, Khalafian, Khan, Kurkjian, Muppavarpu, Rahman, Tumbi, and Watson – have no financial relationships or affiliations to disclose.
Course Contacts: Jennifer Booe, Kelsey Henson and/or Lori Nicholosn - have no financial relationships or affiliations to disclose.
Commercial & In-Kind Support: This activity received no commercial or in-kind support.

Disclaimer Statement: Statements, opinions and results of studies contained in the program are those of the presenters/authors and do not reflect the policy or position of the Board of Regents of the University of Oklahoma (“OU”) nor does OU provide any warranty as to their accuracy or reliability. Every reasonable effort has been made to faithfully reproduce the presentations and material as submitted. However, no responsibility is assumed by OU for any claims, injury and/or damage to persons or property from any cause, including negligence or otherwise, or from any use or operation of any methods, products, instruments or ideas contained in the material herein. Policy on Faculty and Presenters Disclosure: It is the policy of the University of Oklahoma College of Medicine that the faculty and presenters disclose real or apparent conflicts of interest relating to the topics of this educational activity, and also discloses discussions of unlabeled/unapproved uses of drugs or devices during their presentation(s). American Disabilities Act Statement: The University of Oklahoma is an Equal Opportunity Institution. www.ou.edu/eoo. For accommodations on the basis of disability, call 405/271-4488.
Department of Psychiatry and Behavioral Sciences
Grand Rounds Presents:

Psychiatry in Haiti: Perspectives, Challenges and Opportunities
and
Delivery of Mental Health Where None Has Previously Existed

Speaker: Peter Kowalski, MD
Child and Adolescent and Adult Psychiatrist
Private Practice, Fort Worth, TX

Learning Objectives:
Upon completion of this activity, participants will be able to:
1. Integrate historical and current information to mental health professionals on Haitian Psychiatry, with emphasis on cultural adaptations necessary to establish care.
2. Construct a broader understanding of the unique Haitian culture vis a vis mental conditions and societal attitudes and implementation of integrated care and training for Haitian professionals.
3. Describe initial efforts and techniques in evolution with targeted population of patients with Lymphatic Filariasis, with extension of efforts to non-infected Haitians.
4. Apply experiences and strategies to implement similar efforts in other un- and undeserved countries in need of mental health services.

The University Of Oklahoma College Of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University Of Oklahoma College Of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

“Understanding Bipolar Disorder”

Thursday, May 7, 2015
12:00 – 1:00 P.M.
Williams Pavilion Conference Room
WP3460

Presented By:
Qaiser Khan, MD
Resident Physician, PGY-I
University of Oklahoma Health Sciences Center

Moderator(s):
Charles H. Dukes, MD, Clinical Assistant Professor
Department of Psychiatry and Behavioral Sciences

Learning Objectives:
Upon completion of this activity, participants will be able to:
1. Illustrate their ability to recognize and correct biological psychiatric treatments, especially medications that have potentially serious side effects and drug interactions.
2. Apply their diagnostic skills, better recognizing psychiatric symptoms that are due to medical conditions, medications and drugs of abuse that adversely affect patients’ mental status exam and cognition.
3. Integrate mental health law and policy in assessing and managing patients with serious psychiatric and/or mental conditions.

The University of Oklahoma College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

## CLINICAL SUBSTANCE ABUSE SEMINARS

**May 2015**

1200 Children’s Drive  
Third Floor Conference Room, Samis Center  
Oklahoma City OK 73104  
2:00 pm – 3:00 pm

An approved provider of CEUs for Social Workers (CEP #: 20150101)  
Psychologists, CADC/LADC, and MDs (CME #: 13d25)

### Substance Abuse Among Older Adults: An Invisible Epidemic

**May 1**

Robert Nisbet, M.D.  
Retired Professor  
And Vice Chair  
University of Oklahoma  
Health Sciences Center  
Department of Psychiatry and  
Behavioral Sciences  
Oklahoma City, OK

Upon completion of this activity, participants will be able to:

1. TBA

### Substance Abuse and Ethics – Part III Boundaries

**May 8**

Julio I. Rojas, Ph.D.  
Licensed Health Service Psychologist  
Assistant Professor  
Director of OU Physicians ExecuCare  
University of Oklahoma Health Sciences Center

Upon completion of this activity, participants will be able to:

1. Examine the ethical issues that commonly emerge related to boundaries; 2. Participate in small group activity to improve ethical reasoning; and 3. Become more familiar with boundaries as an important construct in therapeutic work.

### Methadone Maintenance Treatment

**May 15**

Erin Koos, LCSW, LADC  
SAC-OTP Social Worker  
Substance Abuse Treatment Center  
Oklahoma City VA Medical Center  
Clinical Assistant Professor  
Department of Psychiatry and  
Behavioral Sciences  
University of Oklahoma Health Sciences Center

Upon completion of this activity, participants will be able to:

1. TBA

### Smoking Cessation During Drug Abuse Treatment

**May 22**

Leslie Chandler, RN, MS, CTTS  
Certified Tobacco Treatment Specialist  
Tobacco Dependence Treatment Program  
Oklahoma Tobacco Research Center  
Stephenson Cancer Center

Upon completion of this activity participants will be able to:

1. TBA

### Couples Behavioral Therapy for Substance Use Disorders

**May 29**

Lee Thrash, Ph.D.  
Staff Psychologist  
VAMC – OKC  
Clinical Assistant Professor (Volunteer)  
University of Oklahoma Health Sciences Center  
Department of Psychiatry and  
Behavioral Sciences  
Oklahoma City, OK

Upon completion of this activity, participants will be able to:

1. Learn about BCT implementation at OKC VAMC; 2) Understand who is appropriate for BCT; and 3) Learn basics of BCT for SUD

---
