Emergency Communication System (ECS)

The University of Oklahoma’s Emergency Communication System (ECS) enables the University to send time-sensitive notifications about emergency situations to all students, faculty, staff, and identified campus affiliates.

- Urgent messages will be transmitted to all available phone, email and text messaging options listed for your account. The messages will provide information and instructions for action during a given situation.

- The effectiveness of the ECS is dependent on the accuracy of the contact information in the system. Enter a personal cell phone number as your primary cell phone and select the “Text Message” option for this number. Note that you may incur additional charges for text messaging on your cell phone depending on your service provider.

- How does an identified campus affiliate update their ECS information? Identified representatives of affiliated organizations should call HSC Campus Police at (405) 271-4300 to update contact information. The ECS uses contact information from several campus information applications. Information from these applications is transmitted nightly to update the ECS system. This information will not be shared with other entities and it will be kept private and confidential.

- OUHSC Campus Police will test the system three times a year. These messages will be clearly identified as test messages from the Emergency Communication System.

For further information and to enroll/view/update information:

https://www.ouhsc.edu/ecs/
Faculty, Staff, Patients, and Visitors in the Williams Pavilion

Campus Emergency Telephone: 271-4911

**Designated Evacuation Locations**

- **Fire:** Second Floor Lobby, Bird Library
- **Severe Weather:** Tunnel between Basic Sciences Medical Building and the Bird Library*
- **Bomb Threat:** College of Dentistry Building

*In case of severe weather after 6:00 pm, go to the center hallway in the lowest level of the Williams Pavilion.

**Evacuation of Ambulatory Persons**

- Evacuate the building through the nearest available stairwell exit that is safe to use. Do **not** use elevators.
- Close your computer and take personal belongings.
- Take Emergency Disaster kits (located in each area).
- Close doors as you evacuate but do not lock them.
- Sign in at the designated evacuation location with designated person.
- Do not re-enter building until instructed to do so.

**Evacuation of Non-Ambulatory Persons**

- Go into the northwest stairwell; if inaccessible, use the southwest stairwell.
- Call OUHSC Police at 271-4911 and designated support or emergency responder personnel will provide assistance.

For further emergency instructions and information, please familiarize yourselves with the *Departmental Critical Incident and Safety Policies and Procedures.*
