---

**SUBMISSIONS OR QUESTIONS:** Maggie-Montgomery@ouhsc.edu • (405) 271-5251, Ext. 47639 • www.oumedicine.com/psychiatry
December Highlighted Teaching Activities:

Highlighted Teaching Activities for PPS-I:

No lectures for PPS-I in December

Highlighted Teaching Activities for Neurosciences (NSP):

Jay Lensgraf, MD, Lecturer, “Geriatric Psychiatry,” December 2.
Christopher Czapla, MD, Lecturer, “Psychiatric Illness in Other Medical Diseases,” December 6.

Inclement Weather Closure Procedures

Coverage of Clinical Services. The Department’s policy regarding coverage of clinical services during non-routine campus closures requires faculty and trainees to cover, or arrange for coverage of, both outpatient and hospital-based clinical services. Each clinician must arrange coverage for any obligated services he/she is unable to provide. Staff are expected to provide support as needed either onsite or from off campus. It is important to anticipate and prepare for the effects of bad weather on outpatient schedules. Clinicians and support staff should plan to have sufficient information on patients to verify schedules and to prepare for the necessity of cancellations in the event the campus is closed.

Departmental Emergency Contact List. All areas should have current copies of the Departmental Emergency Contact list (“Telephone Tree”). Please print this document for your information to take with you in anticipation of non-routine campus closings. Do not post in public areas. Please note the person(s) you are responsible to contact. If you do not talk to or receive a response from the person(s) you are required to contact, you are then responsible for contacting the people the unreachable person(s) should have contacted.
Department Conferences and Seminars

Department of Psychiatry and Behavioral Sciences

December 2016

Grand Rounds Conferences
Information and Accommodations: (405) 271-4468
The University of Oklahoma College of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit.

“We Learn Differently: Adapt to Help Learners Succeed”
Judith Handley, MD

April 5, 2017
“Addressing Conflict and Professionalism Issues”
Jason Lees, MD and John Zubialde, MD
The University of Oklahoma’s Emergency Communication System (ECS) enables the University to send time-sensitive notifications about emergency situations to all students, faculty, staff, and identified campus affiliates. This means you could receive a voice message on your cell phone, an e-mail message to your mailbox, and a text message to your cell phone based on the information you provide. Other additional contacts such as a home phone or alternate cell phones would also receive the messages.

It is up to you to provide and confirm the contact information for the messages to reach you. The messages will provide information and instructions for action during a given situation. It is suggested that you enter a personal cell phone number as your primary contact and that you select the “Text Message” option for this number. Contact information from the campus information systems is transmitted nightly to the ECS to update the system. This information will not be shared with other entities and it will be kept private and confidential.

HSC Employees and Students Self-Service:  (http://www.ouhsc.edu/selfserve.aspx)

---

**Faculty, Staff, Patients, and Visitors in the Williams Pavilion**

**Designated Evacuation Locations**

- **Fire:** Second Floor, Bird Library *(do not use elevators to exit Williams Pavilion)*
- **Severe Weather:** Tunnel between Basic Sciences Medical Building and the Library*
- **Bomb Threat:** College of Dentistry Building

*In case of severe weather after 6:00 pm, go to the center hallway in the lowest level of the Williams Pavilion.

**Evacuation of Ambulatory Persons**

- Evacuate the building through the nearest available exit that is safe to use
- Shut doors but do not lock them
- Walk to designated location (see above)
- Assemble and sign in with your designated person
- Return only when it is determined safe to do so

**Evacuation of Non-Ambulatory Persons**

Go to the northwest stairwell in the Williams Pavilion where firefighters and other identified support personnel will assist going down the stairs OR go by elevator if it can be done safely. Do not use elevators if fire is suspected. Use the southwest stairwell if the northwest stairwell is inaccessible.

*For further information on emergency procedures, please refer to the Departmental Critical Incident and Safety Policy or call Administration Office—271-5121.*
