Director, Behavioral Sciences Lab, VA Medical Center

SUBMISSIONS OR QUESTIONS: Maggie-Montgomery@ouhsc.edu • (405) 271-5233 • www.oumedicine.com/psychiatry
March 23

“Choosing Projects: A Value-Based Approach”

Stephen A. Geraci, MD
3:00-5:00PM
Samis Center Room B3; Basement level (To RSVP, see below)

This workshop, intended for clinician educators at all academic levels, will present an approach to break down cost considerations into measurable components of time, effort, time flexibility, timelines, predictability of requirements, possible income loss, schedule disruption and other potential issues needed to complete a given academic task or project. Similarly, benefits will be categorized into the measurable components of direct credit, multiple credit potential, institutional benefit, downstream opportunities, networking benefits, reputation enhancement, financial rewards, personal gratification and other positive outcomes from scholarly endeavors.

Academy of Teaching Scholars Medical Education Research Group (ATS MERG)

FACILITATOR: David Lee Gordon, MD
First Friday of each month, 3:00 – 5:00 PM
Samis Education Center East Boardroom, 1st floor

Interested in medical education research? Need assistance developing or implementing a medical education research project? Need assistance publishing medical education research? Join us at the ATS MERG meetings! These are practical sessions. Bring your ideas and projects for feedback and assistance. Be prepared to give others feedback and assistance. No Reservation Needed

Medical Education Journal Club

FACILITATOR: Nancy Halliday, PhD
Fridays, 12:00 PM, BSEB 238

No reservation needed. Each semester there is a medical education journal club/seminar course that is required for students pursuing the Medical Education Track Ph.D. offered through the OU Norman ILAC (Instructional Leadership & Academic Curriculum) program. This seminar is also open to anyone interested in medical education/medical education research. We meet at noon each Friday (bring your own lunch). We plan to use the first 2 meetings for each month exploring the 4 educational themes noted below. The other dates/topics are listed as TBD (To Be Determined) because our goal is to have participants in the seminar series choose a research paper/topic and lead the discussion for those days.

To RSVP for sessions or for questions, please contact:
Sara Bellatti, MS, Coordinator, Academy of Teaching Scholars
Ext. 48510
Sara-bellatti@ouhsc.edu or
AcademyofTeachingScholars@ouhsc.edu

SUBMISSIONS OR QUESTIONS: Maggie-Montgomery@ouhsc.edu • (405) 271-5233 • www.oumedicine.com/psychiatry
The University of Oklahoma’s Emergency Communication System (ECS) enables the University to send time-sensitive notifications about emergency situations to all students, faculty, staff, and identified campus affiliates.

This means you could receive a voice message on your cell phone, an e-mail message to your mailbox, and a text message to your cell phone based on the information you provide. Other additional contacts such as a home phone or alternate cell phones would also receive the messages.

It is up to you to provide and confirm the contact information for the messages to reach you. The messages will provide information and instructions for action during a given situation. It is suggested that you enter a personal cell phone number as your primary contact and that you select the “Text Message” option for this number. Contact information from the campus information systems is transmitted nightly to the ECS to update the system. This information will not be shared with other entities and it will be kept private and confidential.

HSC Employees and Students Self-Service: (http://www.ouhsc.edu/selfserve.aspx)

Faculty, Staff, Patients, and Visitors in the Williams Pavilion

Designated Evacuation Locations
Fire: Second Floor, Bird Library (do not use elevators to exit Williams Pavilion)
Severe Weather: Tunnel between Basic Sciences Medical Building and the Library*
Bomb Threat: College of Dentistry Building
*In case of severe weather after 6:00 pm, go to the center hallway in the lowest level of the Williams Pavilion.

✈ Evacuation of Ambulatory Persons
- Evacuate the building through the nearest available exit that is safe to use
- Shut doors but do not lock them
- Walk to designated location (see above)
- Assemble and sign in with your designated person
- Return only when it is determined safe to do so

✈ Evacuation of Non-Ambulatory Persons
Go to the northwest stairwell in the Williams Pavilion where firefighters and other identified support personnel will assist going down the stairs OR go by elevator if it can be done safely. Do not use elevators if fire is suspected. Use the southwest stairwell if the northwest stairwell is inaccessible.
